

A Trip to the Dentist at Union Pediatric Dentistry

It's time to visit the dentist!

We'll walk into the office and tell my name to the people at the front desk.

Until they call my name, we will play games and watch TV.

The hygienist will call your name and walk with me to a room with a cool chair.

I'll get in the chair with my legs straight and my hands on my stomach.

I hold my mouth wide and she'll use a mirror to check my teeth.

Then, she will clean my teeth with special tools.

She'll brush and polish to make my teeth extra clean.

Then, I'll see Dr. Greenhill or Dr. Jennison.

The dentist will count each of my teeth.

I'll have vitamins painted on my teeth.

At the end of my visit, I'll get a toothbrush and a prize!
